

Math & Science Classes for 2021-2022

Each math and science class includes direct instruction & guided practice. The texts listed below are provided for students. **Please note:** The texts are used as a structural outline but teachers frequently supplement with additional material and instruction so that students are well-prepared to advance in their studies. Semester grades are based on class participation, homework, tests, labs (if applicable), and exams. Classes meet on Thursdays from 9-3 p.m. Each class is 80 minutes. **Study hall is available between classes at no additional charge.**
